We offer a variety of field trips to choose from, each one tailored to a specific age group and interest level. Our most popular field trips include:

- **Animal Encounters:** Get up close and personal with our resident animals, including owls, hawks, turtles, snakes, and more.
- **Nature Hikes:** Explore our beautiful trails and learn about the plants and animals that call them home.
- **Pond Studies:** Investigate our pond ecosystem and learn about the creatures that live there.
- **Fall Foliage Scavenger Hunt:** Search for different types of fall foliage and learn about the trees that produce them.

- **Nature Crafts:** Create nature-inspired crafts to take home and remember your visit.

Our field trips are led by experienced educators who are passionate about sharing their love of nature with children. They will guide your kids through the activities and make sure they have a fun and educational experience.

Fall is a beautiful time to visit the Nature Center. The leaves are changing color, the air is crisp, and the animals are preparing for winter. It's the perfect time to get outside and enjoy the natural world.

So what are you waiting for? Sign up for a fall field trip today!

Benefits of Fall Field Trips

There are many benefits to taking your kids on a fall field trip to the Nature Center. These benefits include:

- **Educational:** Field trips are a great way to teach kids about the natural world. They can learn about different plants and animals, ecosystems, and environmental issues.
- **Fun:** Field trips are also a lot of fun! Kids can explore the outdoors, play games, and make new friends.
- **Social:** Field trips are a great way for kids to socialize with other children. They can learn how to work together, share, and take turns.
- **Healthy:** Field trips are a great way for kids to get exercise and fresh air. They can run, jump, and play in the outdoors.
- **Memorable:** Field trips create lasting memories for kids. They can look back on their experiences and remember the fun they had learning

about the natural world.
