Key Concepts:

- Yin and Yang: The dynamic balance of opposing forces
- Five Elements: Wood, Fire, Earth, Metal, Water
- Qi: The vital energy that flows through the body

YIN-YANG SYMBOL

Yin and yang are present in all things - love, career, or life in general. Opposing forces must be balanced the right way in order to achieve harmony. The symbol represents completion and that duality is required to achieve equilibrium

YIN	YANG
Dark	Light
Moon	Sun
Water	Fire
Cold	Warm
Softness	Hardness
Femininity	Masculinity
Passiveness	Activeness
Stillness	Movement

Curved Line - Represents movement and the dynamic flow of energies

Dots of Opposing Colors - Symbolizes that neither is absolute, but contains some of its opposite within it
